Expo's (Exhibitions)

We organize B2B Expos or exhibitions are large-scale events where companies and organizations showcase their products, services, and innovations to a wide audience. These events promote networking and business opportunities. Our diverse portfolio encompasses both face-to-face and virtual B2B events and brands, serving various sectors such as Oil and Gas, Healthcare, Pharmaceuticals, Renewable Energy, Security & Surveillance, Occupational Safety & Health, Gems & Jewelry, Construction & Infrastructure, Cosmetics & Beauty, Shipping & Maritime, Hospitality, Food & Beverage, Health & Nutrition, and more.

Conferences & Summits

"Build opportunities and network with industry experts"

Our conferences are the result of intensive research, ensuring that your learning experience as a delegate is fully optimized. We bring you the latest innovation and technology solutions for sustainable business and economic development. Our partners globally bring first-hand knowledge from ground zero which is critical for the success of your business.

Managed Events

Our Managed Events division understands your desired outcome whether you wish for us to take on the A-Z of your event from planning to final execution or need help with a specific activity such as Sponsorship Sales, Operational Management, Delegation Sales, Marketing, PR, or Brand Creation. Our team of experts will work closely with you to recognize what is your exact requirement as we Listen not to React but to Understand. Our Team delivers what is committed and help you materialize your vision.

EXECUTIVE BOARDROOMS

IBEFORUM Solutions redefines the art of executive boardroom meetings. Discover the epitome of sophistication and effectiveness in our exclusive private executive boardrooms.

Step into a world where meaningful connections between companies and their targeted audience are forged in a luxurious 5-star environment. Our meticulously curated spaces set the stage for extraordinary encounters, where deals are made, partnerships are formed, and business goals are achieved.

- Highest quality of service
- Unlock new business opportunities
- Elevate your company to new heights

Physical Boardrooms

With our physical executive boardrooms we promise to provide a lavish environment that exudes sophistication, matched with premium 5-star venues, complete with state-of-the-art amenities and impeccable service.

Our physical boardrooms provide the perfect setting for impactful face-to-face meetings.

Virtual Boardrooms

Embrace the convenience and flexibility of virtual executive boardrooms. Connect with your global audience seamlessly, regardless of their location. Our advanced virtual platform offers high-definition video conferencing, interactive collaboration tools, and secure document sharing, ensuring a seamless and engaging virtual meeting experience. Engage in meaningful discussions, build relationships, and make decisions without the constraints of physical boundaries.

Hybrid Boardrooms

Combine the best of both worlds with our hybrid executive boardrooms. Seamlessly integrate in-person and virtual participation to cater to diverse attendee preferences. Our hybrid solution allows you to create a dynamic meeting environment where participants can join from anywhere in the world. Foster collaboration, deliver impactful presentations, and leverage cutting-edge technology to create an immersive experience that transcends traditional boundaries.

Public Courses

“Training to create a unique portfolio”

We offer a wide range of professional training courses that gives strategic edge to your industry demands. Our course content is updated real-time to ensure our curriculum reflects the diverse landscape of innovation across all verticals. Example: Energy & Resources, Life Sciences, Telecoms, Finance & Investment, Enterprise Technology & Digitalization.

In-House Courses

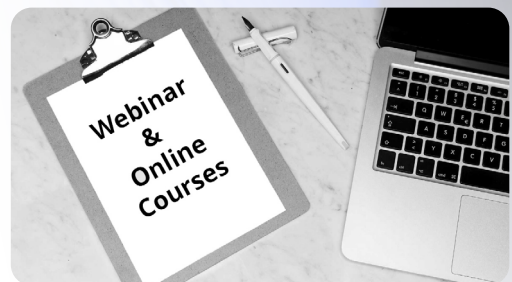

“Cost-effective and tailor-made courses for all your organization’s needs”.

In-house training allows you to define the program that precisely matches your needs. The solution is presented by our industry experts who have access to all the latest industry information and news.

Online training

We provide e-learning and Live Virtual training courses to our clients, that are designed and updated by renowned industry experts. Our blended learning approach combines online classes, instructor-led live virtual classrooms and project works.

OUR TEAM

Our strong management team consists of passionate individuals having over 100+ years of experience in the events industry. We specialize in crafting dynamic and intimate forums around specific and timely industry trends. Since our inception, our team has been growing extensively and it is our ambition to continue to differentiate our services while expanding our geographic footprint. Each employee is a specialist in his or her field.

Together as a team, we make sure you are investing in the right place where you get the best return on investment while building loyalty across every touch point.

Attendee, Speaker & Partner Testimonials

"At the recent Saudi STEM Education conference, we had an incredible time showcasing our cutting-edge educational kit. The event was a hub of innovation, collaboration, and inspiration, and we want to share some of the highlights with you! We are truly honoured to have been part of this transformative event, and we're more committed than ever to shaping the future of education. Thank you for your support, and stay tuned for more exciting updates as we empower the next generation of innovators!"

~Maker and Coder

"StuDIYo Lab is thrilled to have had the opportunity to participate in the Saudi STEM Education Summit 2023, an event that champions innovation and excellence in education. We are grateful to Riyadh for its warm welcome and hospitality. Thank you for hosting such an inspiring gathering that fosters collaboration and progress in the field of STEM education. Our team had an incredible time connecting with fellow educators, innovators, and leaders who share our passion for empowering the next generation with the skills and knowledge needed for a bright future. A special thanks to IBEForum, the organizers of this exceptional summit. These past two days have been invaluable, filled with insights and connections that will drive our pursuit of educational excellence."

~StuDIYo Lab

"Delighted to share my experience attending the STEM Education Summit in Riyadh! Think Exam- A Ginger Webs Company, had the privilege of participating in the Saudi STEM Education Summit 2023, an event dedicated to promoting innovation and educational excellence. We extend our heartfelt gratitude to Riyadh for the warm welcome and gracious hospitality. Our team had a remarkable experience connecting with fellow educators, innovators, and leaders who share our passion for equipping the next generation with the skills, knowledge, and technology necessary for a promising future. A special shout out to IBEForum, the masterminds behind this exceptional summit. These two days provided us with invaluable insights and valuable connections that will drive our pursuit of educational excellence through technological innovations."

~Think Exam: Ayush M., General Manager

"It gives me great pleasure to have participated in the STEM summit as a workshop leader on the two days of the conference. The engagement and enthusiasm from the attendees in both sessions were wonderful. They experienced a student-centric approach to understand the importance of STEM challenges in enhancing 21st-century skills and fostering innovative thinking among students. I would like to extend my gratitude to the organizers of this significant event for their tremendous cooperation, IBEForum."

~Lama Kashlak, Speaker, Academic Director, Al-Mutaqadimah for Smart Learning schools

"Representing Thinking Oasis, I'm incredibly proud to announce our role as a networking partner at the Saudi STEM Educational Conference organized by IBEForum. Our involvement and dedication to the cause were intensified by witnessing Saudi Arabia's Vision 2030 and the National Transformational Plan in action. We're extremely delighted to see the orientation of the Vision aligning so closely with our own beliefs - emphasizing quality education that prioritizes 21st-century skills, and fostering a mindset of learning by starting from scratch. This approach ensures learners harness multiple disciplines to effectively address or solve real-world problems, breaking away from traditional teaching confines. Being part of the Saudi STEM Educational Conference was not just an opportunity to connect and learn but also a testament to our shared commitment to a progressive educational paradigm. Excited for what the future holds, and looking forward to contributing even more to this transformative journey."

~Thinking Oasis: AlBaraa Alkilani, Head of STEM and Development

"I was fortunate enough to be invited to a wonderful Saudi STEM education conference in Riyadh, Saudi Arabia, on behalf of Association Bioteka. The team from IBEForum did a great job in getting the top experts in STEM education, and it was a pleasure learning from them and networking for the past two days. Thank you!"

~Jelena Likic, President of Association, Bioteka

Suhayb Alnaqib, Maths Teacher, Ministry Of Education

"Thank you IBEForum for inviting me to 'Saudi STEM Education Summit'

The conference was held last week in InterContinental Riyadh

It was a great opportunity to meet the professional educators in such conference. I've learned a lot from the workshops and speakers."

Dr. Sawzan Ali AlGhamdi, IT Supervisor, Ministry Of Education

"It was a pleasure to visit Saudi STEM Education conference 2023 which was held at InterContinental Riyadh. Thank you IBEForum for the invitation"

Khaled Alshehri, Ministry Of Education:

"It was a fantastic experience for me to attend the Saudi STEM Education conference 1st day. I had learned vital STEM concepts and facts. "

Sarah Mostafa, IBEN member for the role of workshop leader at International Baccalaureate:

"It was wonderful connecting with Educators who are passionate and truly want change". Learning the different perspectives from the panel discussions and at this event by IBEForum.

"Inspired and in awe sharing the room with esteemed visionaries today. My speech resonated, and I'm excited to do it all over again tomorrow. Together, we're forging impactful partnerships with governments, schools, and nonprofits. Special thanks to IBEForum for this exceptional conference, tailored to our collective needs and ambitions. " "Not every day a kid like me gets to showcase their company Drone Cadets on the global stage.

Honoured to present in Saudi Arabia alongside world-renowned giants like ARAMCO, NEOM, Visa, and Boeing at the IBEForum STEM Conference in Saudi Arabia."

~Henze Gustave, Chief Metaverse Officer, Drone Cadets
